

## BERKSHIRE LTA SUMMER LEAGUE RULES (Revised March 2017)

**RULE 1.** The Competition is open to clubs affiliated to the Berkshire L.T.A. and clubs affiliated to neighbouring counties who had been accepted into the Berkshire Leagues. Each club may enter up to six teams in each of the Ladies, Men's and Mixed competitions, provided that they have or can hire sufficient courts to play all home matches on the same day.

**RULE 2.** The Competition shall be managed by a Sub-Committee, approved by the Berkshire L.T.A., consisting of a League Organiser, plus two members of the Committee of the above Association. All questions of eligibility, qualification of players and clubs and interpretation of the rules shall be referred to the Sub-Committee, whose decision shall be final. Should any of the clubs concerned in any dispute have a member or members on the Leagues Committee, the said member(s) shall not be involved while the matter is being considered.

**RULE 3.** A player shall be qualified to represent a Club if he/she is a bona fide member of said club. No player may represent more than one club in the same competition in the same season and each player should be no younger than their fourteenth year at the commencement of the first round. All players are required to have a British Tennis Membership (BTM) Number.

**RULE 4.** Teams will be divided into divisions of six. In the transit divisions (Division 2 in all competitions), two teams will be promoted to Division 1 and two teams relegated, one to each to Divisions 3A & 3B. One team will be promoted from Division 3A and one from Division 3B to Division 2. In all other divisions' promotion and relegation will, as far as practicable, be on the basis of two up and two down. Should the total number of teams not be divisible by six, adjustments will be made to the lower divisions such that teams will play a minimum of four matches and a maximum of seven.

**RULE 5.** All teams will consist of four players in two doubles pairs. A club shall not be bound to play the same team throughout any competition but no change shall be made in the composition of any of the teams engaged in any matches after the start of play. If a match be unfinished, or postponed before any play shall have taken place, the composition may be changed. Clubs entering more than one team in any competition need to ensure that if a player has already played three times for any higher team in that summer season they are no longer eligible for a lower team.

Also if a player has already played for a team in a re-arranged match before the scheduled date they are no longer eligible for any other matches played on the scheduled match date.

If the eligibility rules are clearly breached, the penalty shall be the loss of all rubbers, sets and games in which the offending player is involved. Where any penalty is imposed then the opposing team shall always gain accordingly in the match totally.

**RULE 6.** Each match will consist of four rubbers. Each rubber shall consist initially of two full sets with standard tie-breaks if needed. If sets are one all, the rubber will be decided by a further full set with a standard tie-break if required. As an alternative, and if both captains and pairs agree, teams may instead play a championship tie break game of first to 10 points with a two point difference as per the Berkshire Adult winter league rules. . If this tie break set is played the score will be counted as one set and one game. The away pairs will play both their rubbers on the same court. The order of play will be:-

Round 1 Home pair 1 v Away pair 1 and Home pair 2 v Away pair 2  
Round 2 Home pair 2 v Away pair 1 and Home pair 1 v Away pair 2

**RULE 7.** The match result will be decided firstly on rubbers won. If these are equal, then the most sets won, and if sets are also equal, then the most games won will determine the result. Three points will be gained for a clear win of either 4/0 or 3/1 in rubbers, two points for a narrow win where rubbers are equal, and one point for narrow loss. In the rare event of a tie where all scores are equal, a tie-break shoot out should be played to determine the winner. The tie-break shall be won by the first pair to reach 10 points with a two point difference. Any two of the four team members can contest this shoot out. This tie-break, as any others, will count as one set and one game only and should be clearly shown on the match card.

**RULE 8.** Final league positions will be decided by the most points, then matches, then rubbers, then sets percentage won and then games percentage won. Any team that wins all its matches will receive maximum points, so enabling that team to finish as league winners. If all points, matches, rubbers, sets and games won are equal then the fewest sets or games lost will be the deciding factor.

**RULE 9.** Matches should be played on or exceptionally, before designated weekends. *All fixtures in the top 4 divisions are expected to be fulfilled on or before the match date save for adverse weather conditions.*

See Rule 1 (Each club may enter up to six teams in each of the Ladies, Men's and Mixed competitions, provided that they have or can hire sufficient courts to play all home matches on the same day.) If this is not possible due to adverse weather or for other legitimate reasons, home captains must offer a choice of new dates. If there is doubt or where matches are delayed by more than three weeks, the League Organiser should be informed.

If clubs with multiple teams cannot field all their teams on the scheduled day, they must fulfil all their higher fixtures including all fixtures in the top 4 divisions and postpone or, if necessary, concede the matches of the lowest team or teams. If clubs with multiple teams are clearly in breach of this rule they risk penalty of a 2 point deduction from each of their lower teams league scores

**RULE 10.** Should any match be started and abandoned before the first round has been completed, it must be replayed from the start on another day. If adverse conditions force curtailment at a later stage, the result will be taken from all completed rubbers, sets and games.

**RULE 11.** Both home and away captains should sign the match cards which are used to help captains put results online. The winner's captain should put results online within 48 hours and losing team confirm results within 72 hours. Match cards should no longer be sent to the organiser. If an 'unknown player' as recorded by League Planner is subsequently found to be a player without a valid BTM the results of that rubber will be recorded by the League Organiser as 6-0,6-0 against that player.

**RULE 12.** Eight new balls of a make authorised by the L.T.A. shall be used for each match. The balls will be provided by the club whose home fixture it is.

**RULE 13.** Should any player be absent 20 minutes after the scheduled or otherwise agreed starting time, the first set must be conceded. A further 10 minutes absence will result in the second set and therefore the first round being conceded. This rule will also apply to the second round.

**RULE 14.** If a club concedes, the score will be 4/0 in rubbers, 8/0 in sets and 48/0 in games to the opponents. Any club needing to postpone a match for a legitimate reason other than for adverse weather, and with careful regard to RULE 9 should give seven days' notice for the convenience of opponents. (Availability of a clubs best players is not a legitimate reason for postponement) In such a case opponents should make every effort to find a new agreed date. If no more than 24-72 hours notice is given, then opponents are entitled to claim a walkover. Should any team concede two or more matches during the period of the scheduled rounds, they will be relegated at the end of the season, regardless of the number of points gained.

**RULE 15.** Unless mutually agreed otherwise by the clubs concerned, the time of commencement of play shall be 1.30pm on Saturdays. If a club has more than one team playing a home fixture on the same day and there are not enough courts to play both matches concurrently the lower division match shall commence at 10.30am.

**RULE 16.** As soon as possible after all matches are completed and all results sent in, the League Organiser will compile final league tables, and send one copy of relevant results to each club, plus a full set of results to the BLTA Press Secretary and the County Handbook Editor The winners of each division will receive a Berkshire LTA Certificate.

**RULE 17.** If it is desired to play any league match indoors, the prior agreement of the visitors should be obtained. Clubs are under no obligation to play all or part of matches on indoor courts.

**RULE 18.** All matches must be completed by the start of the winter season. If any re-arranged match clashes with the National Clubs League, the latter will take precedence.

**RULE 19.** Any dispute arising between clubs in a competition shall be referred to the sole arbitration of the Committee, and its decision shall be final and bounding on all clubs involved in the dispute.
