

Dear **Mike**

Regarding: Tennismark Accreditation for **Crowthorne Tennis Club**

Congratulations on achieving Tennismark through British Tennis Venue Registration.

Tennismark is a 'best practice' accreditation, with specific criteria in place to recognise tennis venues that provide a safe, welcoming and inclusive environment for members, players and visitors.

In this pack you will find a certificate and a sticker to recognise your achievement of Tennismark, which you may want to display somewhere at your venue. You should also be able to access the Tennismark logos on your Important Documents tab within your secure area. You're now eligible and more than welcome to show off your new accreditation on your website, email or newsletter. As a registered venue, you are also eligible to achieve Tennismark + accreditation and you may not be far off meeting the necessary criteria. Don't forget that there is a Healthcheck available to you in your LTA Registration area online, which will explain how you can meet the necessary criteria to gain Tennismark +.

Congratulations again on achieving Tennismark accreditation and on your great work with your venue. We are very grateful for all that you do to grow tennis in Britain.

If you have any queries regarding Registration, Tennismark, or anything else to do with British Tennis, please contact the British Tennis Services Team at [info@LTA.org.uk](mailto:info@LTA.org.uk) or call 0208 487 7000.

Martin Corrie  
**LTA President**
